### I. GENERAL PROVISIONS

1. the currently valid ID-Combat Rules and ID-Sporting Regulations of the DBS and DJB and the Anti-Doping Code of the DBS apply.
- 2 This International German Championship is organised for judoka with intellectual disabilities.
3. the athletes themselves or their legal representatives are responsible for ensuring that they are able to meet the health requirements for training and competition. To determine fitness for sport and competition, the DBS expressly recommends that a basic sports medical examination be carried out at least once a year.

Participants: female and male judokas with intellectual disabilities in competition classes I and II (DBS assessment scale).

German participants require a valid DBS starting pass or DJB judo pass.

Minimum grade 8th Kyu (white-yellow belt),

A start is only possible in a white judogi.

### II. ELIGIBILITY

All members of clubs (and starting associations) of the DBS state associations, the affiliated DBS professional associations (provided they do not organise their own German Championships), as well as members with a mental disability of the German Judo Federation (valid judo pass) and the members of the invited foreign associations are eligible to compete. All registered participants must be in possession of a valid starting pass or judo pass. A valid sports fitness certificate is recommended.

The organiser reserves the right to combine age and weight classes if the number of participants is too low.

### III. CLASSIFICATION

#### **Only classified athletes are authorised to compete!**

Athletes must submit proof of classification via the respective national representative.

Foreign participants must submit a national or international starting pass (with the classification certificate).

International classification takes precedence. If there is a difference between national and international classification, international one always applies. An alternation of the international classification will only be acknowledged if it was made by a licensed classifier and confirmed in writing. If there is no international classification submitted, the national classification of the responsible DBS – association-physician applies.

### IV. PROTECTION REGULATIONS

1. by submitting the entry form, the clubs and starting associations guarantee the eligibility of the registered participants to compete.
2. all registered German participants must be in possession of a DBS starting pass or DJB judo pass. A valid sports fitness examination is recommended.
3. foreign participants must present their national or international starting pass. A valid sports fitness certificate is recommended.

**Participants who do not fulfil these conditions do not have the right to start.**

### V. DOPING

Doping is permitted by the regulations of the DBS. Validity belongs to the anti-doping-code of the DBS and regulation of the WADA, of the IPC, of the NADA and, due to international events, the regulations of the concerned international sport associations special branch. Doping controls may be enforced in a random sampling way. The referee of Anti-doping comes to take the decision for this.

With submitting the entry for the event, the sports(wo)men accept the anti-doping-regulation of the DBS. If there are medicines prescribed and taken, a written down proof (= medical certificate) about these must be carried with and to be presented if controlled. If these medicines are listed in the current prohibition-list of the WADA, a medical exception grant (TUE) has to be carried with and to be presented, too. In case of a positive result the sports(wo)men may be punished because of a violation against the anti-doping-regulation if this indication-proof is missing.

### VI. LIABILITY

The DBS and its bodies shall only be liable for damages in the event of intent and gross negligence within the limits and scope of the available liability insurance cover and limited to the typical foreseeable damage. The exclusion of liability does not apply to damages resulting from injury to life, limb or health. The insurance policy can be inspected at the DBS office or requested for inspection.
